

# GEKIDAN KAITAISHA — BYE BYE REFLECTION

Widely regarded as Japan's most important contemporary dance company, Gekidan Kaitaisha presents a harsh and critical portrayal of war, violence and prejudice inspired by the terrorist attacks of 11 September and told with uncompromising physicality.

Rock music and video art provide the backdrop to a harsh exploration of society's extreme violence and a vivid and engaging commentary on this violent chapter of history.

Have no beginning nor end

*"... an intense and raw experience with a rewarding and important message."* —
